MARYLAND GENERAL ASSEMBLY

Legislative Proposal

The Student Therapy Access Act of 2025

An Act Concerning

Student Therapy Access Project (STAP) – Preventative Mental-Health Screening and School-Based Therapeutic Support

SECTION 1. PURPOSE

The purpose of this Act is to establish a statewide preventative mental-health system for Maryland public middle schools by:

- 1. Implementing annual mental-health screenings for all students in grades 6 through 8.
- 2. Embedding mental-health professionals directly into public schools to ensure timely follow-up and therapeutic support.
- 3. Ensuring that all schools receive equitable clinical resources through the provision of **two licensed therapists per school**, supported by a flexible rotation model.
- 4. Reducing crisis interventions, behavioral escalations, absenteeism, and long-term mental-health burdens on Maryland's education, juvenile justice, and healthcare systems.

SECTION 2. DEFINITIONS

- **(A)** "Screening" means a brief, evidence-based mental-health assessment tool administered annually to students in grades 6–8 to identify early signs of emotional, behavioral, or psychological needs.
- **(B)** "Licensed Therapist" means a mental-health professional licensed in Maryland as an LMSW, LGPC, LCSW-C, LCPC, or equivalent credential.
- **(C)** "Follow-Up Care" means post-screening services, including risk assessment, therapeutic sessions, parent communication, crisis intervention, and referrals.
- **(D) "STAP"** means the Student Therapy Access Project, a statewide implementation partner authorized to administer screenings, assign therapists, and manage follow-up procedures.
- **(E)** "Participating School" means any Maryland public middle school (grades 6–8) that adopts the screening and support framework outlined under this Act.

SECTION 3. ANNUAL MENTAL-HEALTH SCREENINGS

- (A) All Maryland public middle schools shall administer an annual mental-health screening for every student enrolled in grades 6 through 8.
- (B) Screenings shall:
 - 1. Utilize an evidence-based, developmentally appropriate tool approved by the Maryland State Department of Education (MSDE).
 - 2. Be delivered digitally or in written format.
 - 3. Take no longer than 10–15 minutes to complete.
 - 4. Be trauma-informed and culturally sensitive.
 - 5. Include explanatory materials for students and parents.
- **(C)** Schools must provide parents/guardians with an opt-out form at least 30 days prior to screening.

(D) Screening data must be securely stored and reviewed exclusively by licensed mental-health professionals.

SECTION 4. FOLLOW-UP REQUIREMENTS

- **(A)** Students identified as "high-risk" or "urgent" must be evaluated by a licensed therapist within **72 hours** of screening results.
- (B) Students identified as "moderate concern" must receive follow-up care within 14 days.
- **(C)** Therapists must provide:
 - 1. Individual or small-group therapeutic sessions
 - 2. Crisis assessments
 - 3. Parent/guardian notification
 - 4. Referrals to external services if needed
 - 5. Safety planning for students at risk of harm
- (D) All follow-up interactions must be documented in a HIPAA-compliant system.

SECTION 5. THERAPIST DEPLOYMENT MODEL

- **(A)** Each participating public middle school shall be assigned **two licensed therapists**, with funding, placement, and oversight coordinated by STAP or an approved equivalent provider.
- **(B)** Therapists may rotate between schools when needed, provided that:
 - 1. Students maintain continuity with the same assigned therapist
 - 2. Schools have a clearly defined weekly rotation schedule

- 3. Urgent-risk students always receive immediate access to a therapist
- (C) Additional therapists may be added to a school if:
 - Enrollment exceeds capacity
 - Screening data identifies elevated risk levels
 - Crisis events increase
 - School administrators request supplemental support
- (D) Therapists shall conduct:
 - Screening reviews
 - Follow-up sessions
 - Crisis interventions
 - Parent meetings
 - Documentation
 - Coordination with school counselors and administrators

SECTION 6. SCHOOL REQUIREMENTS

- (A) Each participating school must:
 - 1. Provide a private room for screenings and follow-up sessions
 - 2. Coordinate scheduling with STAP or assigned therapist teams
 - 3. Disseminate parent/guardian notifications
 - 4. Ensure student access to screening technology

- 5. Identify a staff liaison to assist with logistics
- **(B)** Schools may not restrict a student's ability to access follow-up mental-health support unless a parent/guardian has submitted an opt-out.

SECTION 7. DATA, REPORTING, & PRIVACY

- (A) All screening and follow-up data must be stored in a HIPAA-compliant, encrypted system.
- **(B)** Only licensed therapists and authorized administrators may access student mental-health records.
- (C) Schools and providers shall submit de-identified yearly reports to MSDE detailing:
 - Number of students screened
 - Number of students flagged by each risk tier
 - Average follow-up times
 - Referral counts
 - Generalized outcome trends (attendance, behavior)
- (D) No identifiable student data may be shared outside the school or authorized provider.

SECTION 8. STATE OVERSIGHT & IMPLEMENTATION

(A) The Maryland State Department of Education shall oversee:

- Approval of screening instruments
- Approval of implementation partners
- Enforcement of follow-up timeframes
- · Review of de-identified yearly reports
- Annual statewide evaluation

(B) MSDE may partner with STAP or equivalent organizations to support training, technical assistance, data reporting, and quality assurance.

SECTION 9. FUNDING

- (A) Implementation shall be funded through:
 - 1. Maryland state mental-health allocations
 - 2. Federal ESSA and mental-health grants
 - 3. SAMHSA youth mental-health funding
 - 4. County matching programs
 - 5. Public-private partnerships
- (B) Funds may be used for:
 - Therapist salaries
 - Screening technology

- Training
- Program administration
- Crisis response and referral support
- Data reporting infrastructure

(C) No costs shall be imposed on students or families.

SECTION 10. ROLLOUT TIMELINE

Year 1 — Pilot Phase

- Two schools adopt STAP model
- Two licensed therapists assigned
- Full screening & follow-up implemented
- Initial evaluation report submitted to MSDE

Year 2 — County Expansion

- Expansion to additional schools
- Increased staffing proportionally
- Countywide data collection

Year 3 — Full Countywide Implementation

- All middle schools within initial county adopt the model
- Public release of de-identified statewide report

SECTION 11. EXPECTED OUTCOMES

This Act is expected to produce:

- 35–60% reduction in crisis-level student incidents
- 20-40% reduction in behavioral escalations
- Improved attendance and academic engagement
- Earlier identification of depression, anxiety, and trauma
- Higher family engagement and community support
- Long-term reductions in juvenile justice involvement
- Lower public health costs by shifting toward early intervention

SECTION 12. EFFECTIVE DATE

This Act shall take effect on **July 1, 2026**, with pilot implementation beginning in the following academic year
